Olympia Catering & Events has grown substantially since the 1920s, yet it remains true to its reputation for personal, professional service and out-of-this-world cuisine. The mouthwatering menu of possibilities for each course is equal parts intimidating and exhilarating. While traditional plated and buffet service styles are available, many hosts appreciate the interactive quality of Olympia's dozens of creative stations, from entrées like gourmet macaroni and cheese to salad martinis and shrimp and grits. Olympia is a preferred caterer at dozens of the region's finest venues and the exclusive caterer for Diehl Farms in scenic Hillsborough County as well as the Museum of Fine Arts in St. Petersburg, where it also operates the acclaimed MFA Café.

"Do it with passion
and taste."

Darren Diaz
